GO FOR IT IN 1984

New members (below) **earn the gold**, membership in the National Honor Society. At bottom, Coach Fuhrman, "Yes You Can . . . You Can Do It."

The multi-colored hot air balloon soaring skyward symbolizes the theme of the 1984 **Voyager — GO FOR IT!** Go for whatever you feel is best for you!

Everywhere we turn today we see people "**going for it.**" They strive to achieve and succeed in ways that were considered, at one time, unattainable. They have the spirit and drive to move on to greater heights, to transcend the ordinary and "**make it to the top.**" Although many obstacles must be overcome, these people "**make it happen.**"

GO FOR IT not only means being best in athletics and activities, it means achieving academic honors, attaining personal and career goals, and gaining a positive attitude . . . an attitude of "I can" and "I will be the best that I can be."

With the '84 Olympics fast approaching, the sky is the limit for the Class of 1984. They've been preparing for thirteen years to meet the challenges after graduation, hoping to "**bring home the gold**" in the years to come.

The Olympics will be held in Los Angeles this summer. With the motto: Swifter, Higher, Stronger, young athletes the world over will compete to be the best, to "**go for the gold.**"

You, too, can do it. All you have to do is — **GO FOR IT!**

THE SKY IS THE LIMIT

FALL PLAY

“May The Farce
Be With You”

One More Winner

Jim Bildstein, Terry Speakman, & Loren Smith contribute to the production by selling tickets and ushering.

This year's fall play, “May The Farce Be With You,” was unlike any other performance at Perkiomen Valley. A farce is an exaggerated play, and this was certainly representative. Taking place in a health spa in Arizona, it dealt with the dilemma of a group of superheroes called the E.I.E.I.O. They were rendered powerless by Star Raider and the evil villainess Deprava from Inferna. Luckily, however, Wizard Woman and Superbrain were nearby to release the

E.I.E.I.O. and make the world safe again.

This year Mr. Rapp cast more underclassmen in the play, hoping to give them experience for the future. The cast included the following seniors who performed in their last fall play: Dawn Benz, Michele Faust, Cathy Flynn, Jeanette Hansen, Mari Santangelo, Julie Schuetz, Trevor Tucholski, and Jay Yasenchak.

7TH & 8TH GRADE BAND PERFORMS

On Friday, December 16, 1983, the Perkiomen Valley 7th & 8th Grade Concert Band presented their annual Christmas Concert.

Under the direction of Mr. Robert Hago-pian, the band performed a variety of Christmas favorites. In addition, the Clarinet Ensemble, the Brass Ensemble, and the Flute Ensemble presented a variety of holiday compositions.

CHRISTMAS CONCERT

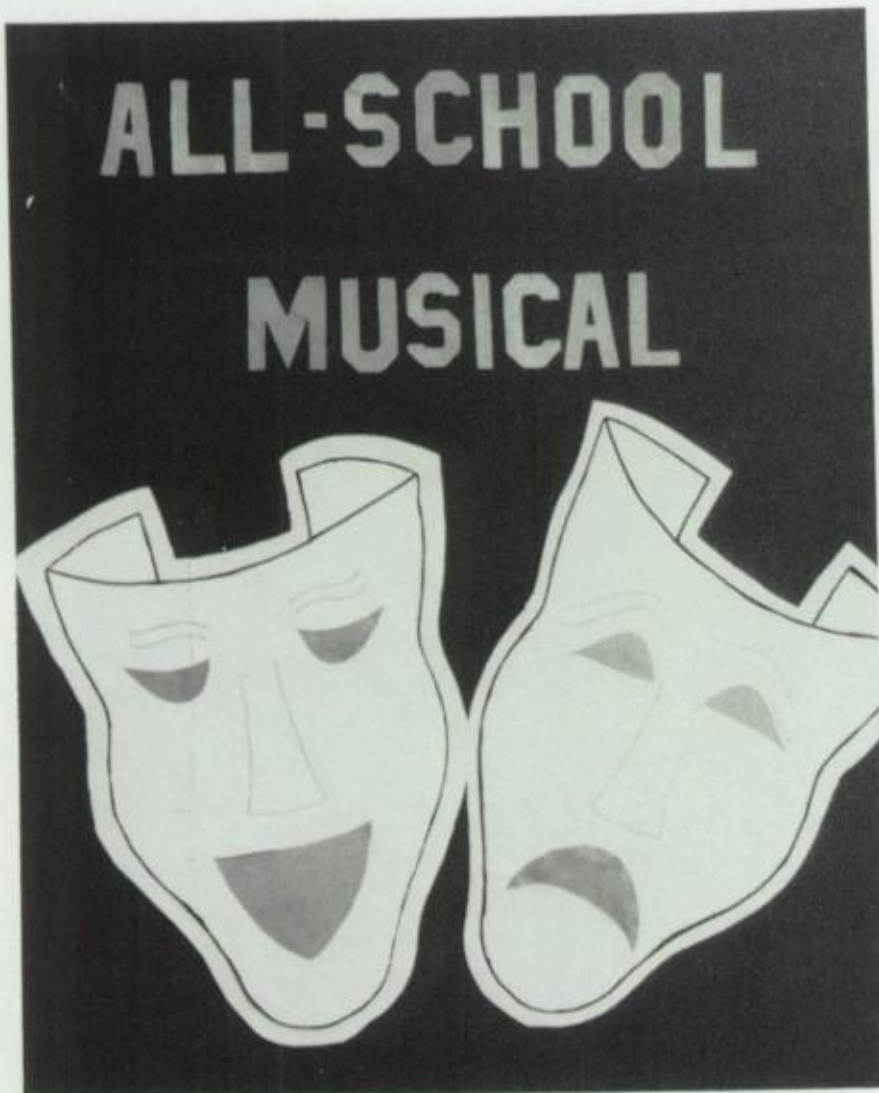

8th Grade Chorus Joins A Capella Choir

The choir, made up of students in grades nine through twelve, performs a concert at Christmas and shares a program with the band in the spring. They also sing at assembly programs for the student body and for various civic, church, and service groups. This year a large eighth grade chorus joined the high school choir.

Each year the senior members of the choir compete for singing "O Holy Night." Lynn Cabot was the soloist this year.

SPRING MUSICAL

Students And Faculty Make It Happen

Above: Mrs. Gilbert, Art Director and Mr. Charles, Director and Conductor for the musical, "Babes in Arms."

Below: The Way out West routine

In early March the efforts of seventy-five students and faculty members paid off with the presentation of "Babes in Arms." Those in attendance felt Richard Rogers and Lorenz Hart couldn't have done it better!

For months the cast worked on lines, songs, and dance routines, while the artists, stage crew, set constructors, and lighting and audio crew finalized plans for the production.

Songs like "Where or When," "My Funny Valentine," "The Lady is a Tramp," "Johnny One Note," and "I Wish I were in Love Again" were performed to the delight of the audiences.

The success of the spring musical brings with it a sense of pride for all those involved and for all who enjoyed its presentation.

Through the enthusiasm and cooperation of all representatives, the **Student Forum**, 1983-84, produced one of the most energetic, dynamic years at Perkiomen Valley.

The monthly meetings were the focal point of all forum activities and a time to bring out new ideas and opinions. This year, the forum had a casual parliament, instead of a strictly governed parliamentary procedure, to encourage a warmer atmosphere with more student participation.

Spirit Week, held during Thanksgiving week, was a huge success and ended with the traditional turkey day game

with Methacton. Portraits of the Viking and Warrior were painted on the lobby floors, and singing telegrams were delivered to a large number of students.

Other spirit producing activities highlighted the school year, such as the Halloween dress-up day and the Christmas trees displayed around the building.

This year marked the entrance of a new advisor, Mr. Robert Adams, who brought many ideas and organizational changes.

STUDENT FORUM LED BY NEW ADVISOR

Student Forum Officers: Jim Bildstein, Mike Bono, Angela MacFarland, Tim O'Donnell, and Advisor, Mr. Adams.

Office Aides serve the administrators and secretaries. They deliver daily absentee sheets, messages, and perform various duties associated with office work and visitors.

Counseling Center Aides provide an important service for the school. Students serve as messengers and help with a variety of jobs. As the Career Information System became operational this year, they were trained to provide assistance to students who use the terminals.

The **Nurse's Aides** provide the following services: They assist in locating students for screenings, recording health statistics, and filing records; they assist with temperatures and blood pressure readings; and they add a bright

spot to the nurse's day.

Chemistry Aides help with equipment maintenance, instrumentation, and procedures during laboratory periods.

Swim Aides help with Special Education swim lessons, and assist Mr. Schulte and Mr. Moatz in the pool. Other duties are assisting with officiating, lifeguarding, and helping the less experienced swimmers.

Special Education Aides are an important part of the day for the TMR students. Tutoring students in the academic classroom, helping with skill development, and assisting in gym classes are among their duties.

Gym Aides: K. Trauger, J. Bildstein, T. O'Donnell. (Back) T. Bickel and L. Nolan.

Preliminary production work for **Perspectives**, a new name for our school paper, took place completely in-house this year. Using word processing programs on the high school's computer system, staff writers composed and edited rough drafts of their stories. Final copies, with a justified right margin were then formatted for layout by staff typists, utilizing sophisticated typewriters in the business department.

The **National Honor Society** is composed of tenth, eleventh, and twelfth grade students, elected on the basis of scholarship, leadership, character, and service. They provide tutorial service for all students, serve at the annual Pancake and Sausage Breakfast, sponsor Santa's visit in December, and serve as school guides at many district functions.

Dungeons and Dragons: M. Rowe, D. Fagley, B. Fedick, A. Hildebrandt. (Back) B. Godshall and J. Yasenchak.

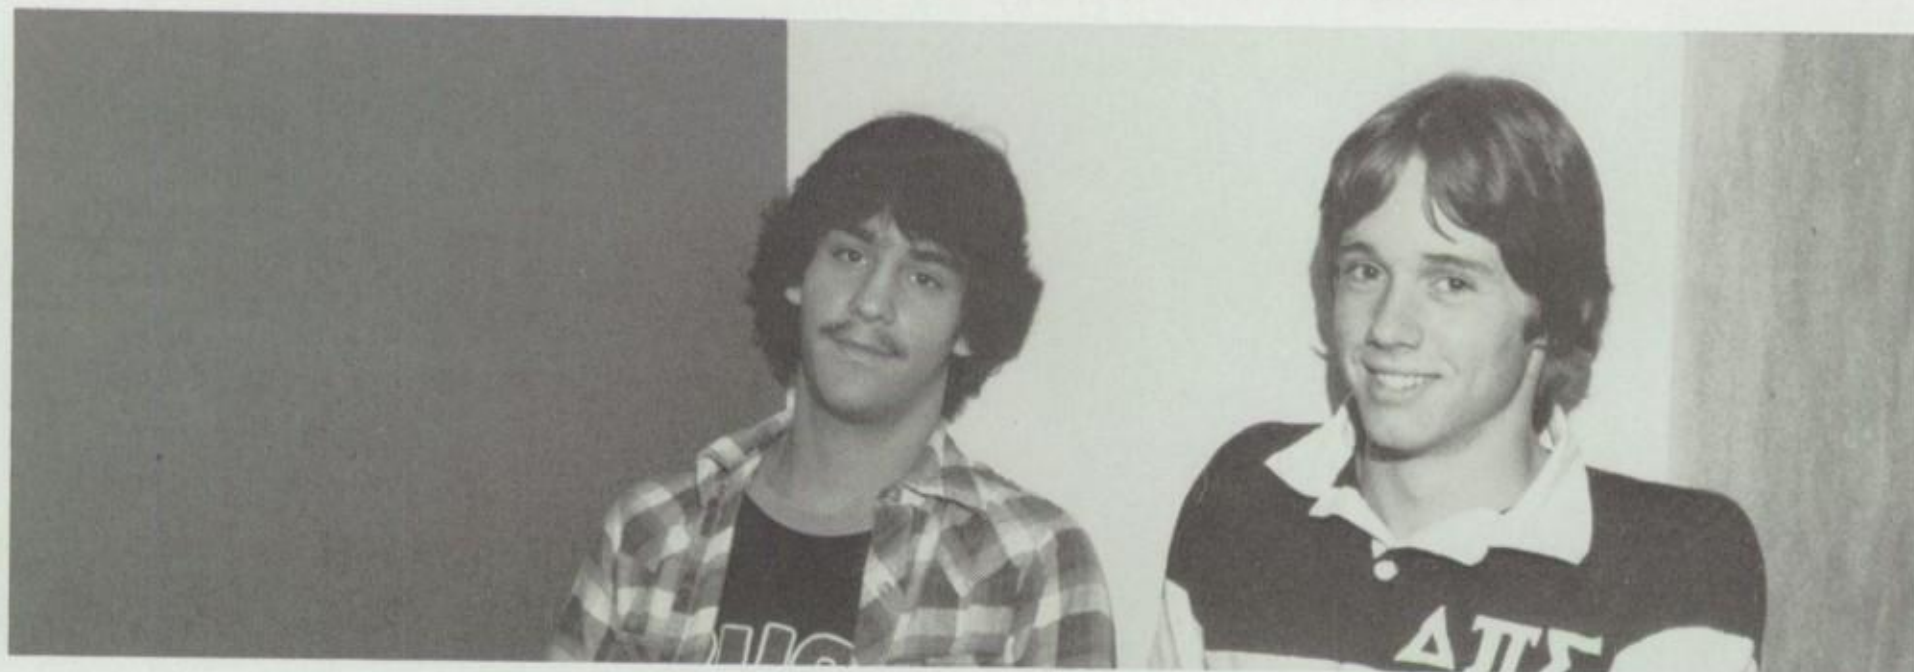

Perkiomen Valley **Audio-Visual Department** (PVAV) brings televised morning announcements, keeps all equipment in running order, collects/distributes films, videotapes classroom and school related activities, and sends programs throughout the building during the day. Videotaping includes class plays, musicals, pep rallies, concerts, etc. With Mr. Rembisz as director, the twenty-five aides are available during the day so that programs and equipment will run smoothly for the teachers. Their efforts are also extended to school board meetings, after school sports events, and recording off-the-air television for school use.

The **Stage and Lighting Aides** do all lighting and

audio for activities held in the gym and auditorium. These include assemblies, band and choral concerts, plays, and musicals.

The **Perkomen Valley Youth Education Association** (YEA) is sponsored by the Perkiomen Valley Education Association. Public education was promoted through announcements during Education Week. Members served Thanksgiving Coffee Break for teachers, sold pies in school and sent cards to servicemen in December. In February, a Valentine's party was held for senior citizens at Spring Mountain House. In the spring, the annual Red Cross Bloodmobile was sponsored at the high school.

YEA CONTINUES "DOING FOR OTHERS"

Stage and Lighting Aides: R. Orsini and B. Neal

Youth Education Association: K. Hydier, K. Cain, R. Ledsinger, B. Hlaing. (Middle) A. Kumpf, L. Kunz, D. Espenship, A. Lownes, L. Oelschlager, L. Joiner. (Back) J. Deery, B. Craft, M. Hydier, and L. Radcliff.

The band entered its first year of competition, participating in the Cavalcade of Bands Association. Competing at Souderton, Norristown, and the championships at Hershey provided members with valuable experience in this new endeavor.

Performances at football games, pep rallies, and local parades are scheduled on a regular basis. This year Halloween parades were attended at Upper Perkiomen and Quakertown.

Concert Band, Jazz Band, and the new Wind Ensemble occupy the winter months. These groups present a Winter Concert in February and a Spring Concert in May.

In addition to the local activities, there are many PMEA related functions for the band members. Part-time instructors work with the marching unit in the areas of percussion and band front activities.

Spring was highlighted by a trip to Washington, D.C. for the International Music Festival competition.

GO FOR IT! With the 1984 Olympics inspiring the theme for the **Voyager**, Mrs. Dugan and her staff began the work necessary to bring the school and community a publication of which they would be proud.

It is not easy for athletes to capture the gold; all successful people plan, organize, and implement procedures to insure success. Having accomplished all of the above, we are proud to present **Voyager, 1984**.

Our goals this year were to present every grade level in

formal and candid pictures, to show sports teams and activity groups in action, and to provide a true pictorial record of the year's happenings. With the addition of a new photographic studio this year, the staff experienced prompt, efficient service and high quality photographs.

Mrs. Kressley joined our staff, assuming the business responsibilities. Under her direction, seniors and underclassmen secured over twenty three hundred dollars in ads and sold six hundred yearbooks.

FOOTBALL

"It takes time to turn around." With these words Coach Strawoet began his description of the 1983 Viking football season. He proudly added, "No players were lost to ineligibility; not one player suffered a serious injury; and no player had disciplinary problems throughout the season." Small achievements? Ask the players; these were goals set at the onset of practice early in August, and they were accomplished. It takes time to turn a program around, but the team and the coaches feel they are on the right road.

With impressive pre-season scrimmages, the Vikings went into the opening game with confidence and poise, routing Schuylkill Valley 26-6. Aggressive play kept the score close against Hatboro and Quakertown, but mistakes were costly. Both losses came with just five minutes left in the games and proved to be the downfall of the season. Unfortunately, the team never regained the confidence they displayed at the beginning of the season.

Senior Jim Kirby was named to the All Bux-Mont 2nd Team; Seniors Kevin Cain and Jack Farrell and Junior Dave Schmitt received Honorable Mention.

HOCKEY

The Varsity Hockey Team completed another successful season, finishing with a 6-6-4 league record and 9-7-6 overall. The team made it to the second round of district playoffs before losing to the eventual state champs.

Kim Marcelli and Holly Mato were the co-captains, and both were selected to the First Team All Bux-Mont. Jamie Little was the leading scorer, with Dawn Ullman being second; each received Honorable Mention for All Bux-Mont. Stacey Giorgio had a great year in goal and also received All Bux-Mont Honorable Mention status.

The Junior Varsity Team had a very challenging season, ending with a 1-7-7 record. The number of ties represents the difficulty this young team had in scoring, with several games ending 0-0. Defensively, team performance was effective and reliable. Steady improvement was evident in the team's overall ability from the season's beginning to its end. Although the record may be a frustrating one for the JV, the games were beneficial in developing the players' talents and skills.

SOCCER

With only two returning lettermen, this was a rebuilding year made up of three freshmen, two sophomores, and four juniors for the varsity team. Standouts in three Ches-Mont wins were Jim Lovett, who earned a shutout in goal against O. J. Roberts; Jon Manley, who scored four pre-season goals; and Jason Eicholtz, who scored twice against Spring-Ford.

Senior Jon Manley scored all four goals against Bux-Mont rival Hatboro-Horsham, with Jim Lovett playing an inspired game in goal, for a win (4-3).

Although the starting line will be lost to graduation, the entire defense will be returning. All Bux-Mont selections, Honorable Mention, were Daren Connelly, Jim Lovett, Jon Manley, and Nick Walsh.

Success for the J.V. cannot be measured in terms of wins and losses; the team played with spirit and enthusiasm throughout the entire season.

JR. VIKINGS

The **Junior High Hockey teams** had a good season. The varsity had a record of 2-3-4; the junior varsity had a record of 2-2-4; the records did not tell the whole story. In fact, the teams displayed a great deal of ability and enthusiasm. It was a constructive year, with many girls returning for next year's season. Co-captains this year were Angela Mazza and Heather Bucher. Sue Farrell led the team in scoring, with Kris Knoebel being second. Two girls, Kris Knoebel and Arlene Gregory, moved up to the varsity team.

The **Junior High Football team** played under the leadership of Dan Cordrey and Drew Miller, who were co-captains. The season ended with a 2-5 record; however, the Junior Viking gridmen dominated five of the seven teams and could easily have reversed their record with a little more first half intensity. Players to watch in the years to come are Drew Miller, Dan Cordrey, John Heckman, Ed Giannone, Chris Powell, and Matt Weygand.

This was the first year for **Junior High Soccer** at PV, with a record of three wins and two losses. The team was extremely competitive for a first year effort. Co-captains were Kevin Miller and Brent Moyer. Team scoring leaders were Kurt Kalmbach and Jeff Nadowski.

CROSS COUNTRY

The Girls' Cross Country Team started off on the right foot (no pun intended), with several impressive firsts; but injuries took their toll again this season. The girls finished with a 5-1 record in the Bux-Mont league and went on to take their seventh consecutive first place finish at Bux-Monts. The victory was secure only after our sixth and seventh runners, Sarah Bochnowicz and Lisa Howard, finished ahead of North Penn's sixth runner to break a tie. A disappointed team finished second at Districts, breaking a string of eight consecutive district titles.

The team once again made their way to the State Championship Meet, taking fifth place. Sarah Bochnowicz, Kate Coll, Karen DeLucia, Lisa Howard, Susan Kelley, Jody Potteiger, Rita Sheppard, and Cindy Walters represented PV at the state meet.

CROSS COUNTRY

With the graduation of most varsity runners, the boys' cross country team had to use many newcomers this season. The inexperienced team produced a 5-12 record for the season, not bad for such a young group of runners. Ineligibility took three of the team's varsity runners, which further hurt their season.

Sophomore Chris Fretz led the team and was the only member to qualify for the state meet. He accomplished this by taking 27th place at Bux-Monts and 12th place at Districts. He finished 168th in the State Championship Meet. Jeff Johnson, the team's only senior, ran a 17:02 for his fastest time this year on the home course.

The team finished 8th at Bux-Monts, with the same finish at Districts.

The experience gained this year should prove beneficial next season.

With the graduation of six seniors from the 1982-83 team, the 1983-84 team revolved around three returning seniors and eight juniors. This was a year for rebuilding and improvement.

Everyone on the team really wanted to play, showing great desire, hustle, and enthusiasm at practice and in games.

The coaching staff feels the total basketball program at PV is turning around. A Saturday Biddy Program for 5th and 6th graders and the new 7th and 8th grade program for boys and girls are attracting many aspiring athletes. Having valuable early training should prove beneficial for the high school program, making the teams more competitive in league play.

The JV basketball team showed improvement. The hustling, defense-minded squad was led by Matt Moccia and Chris Arnold who average 11.4 and 10.5 points a game respectively. An overtime win against Quakertown (63-52) was the highlight of the season.

BASKETBALL

After competing successfully in a summer basketball league, the girls' varsity team eagerly began practice in early November. With the return of four varsity players and the addition of three junior varsity players, the Lady Vikings were determined to show improvement in 1983-84.

With solid victories over neighboring rivals, Spring-Ford and St. Pius X, the team began its Bux-Mont schedule. After losing five of their first eight games, the team had two of their most satisfying wins over Methacton and Souderton. Having lost to Souderton in league play, the varsity beat them in the finals of the Holiday Tournament. The Lady Vikings entered the second half of the season with hopes of becoming more competitive while preparing to enter the district playoffs.

Mount St. Joseph's Academy was the first opponent in the district playoffs, with Lansdale Catholic falling to our girls in the second game. The season ended with a loss to Pottsgrove.

The junior varsity opened with three returning juniors and six sophomores; seven of whom had participated in the summer league. Although theirs was not a particularly successful season, they gained from the outstanding competition. High scorer was Cindy DeSimone, with 133 points. Top rebounders were Monica Santangelo and Dawn Ullman.

The 1983-84 Boys' Swim Team focused on two big accomplishments. One was recording 80% team time improvements at the championships. The other was having Rob Peck qualify in the 100 backstroke for Districts.

This season was a building one for the boys' diving team. Made up almost entirely of newcomers to the sport, young divers learned the skills necessary to be contenders. Junior Dave Zvodar had a super season in his first year. As the sole diver on the team, Dave had to handle the chores usually shared on other teams in the Bux-Mont league. Dave was joined later in the season by freshman Jay McManus, who learned a great deal in a short time, contributing many points to the team.

SWIMMING

The 1983-84 Girls' Swim Team displayed unity and great sportsmanship throughout their long, hardworking season. Although they won only two meets, their competitive spirit led them to several excellent performances at Bux-Monts, with every girl turning in at least one best time.

Team captains Marcella Cardamone and Tracy Hansberry directed the small team of young swimmers. Cardamone was a member of the 400 free relay with Brenda Peoples, Sharon Nuss, and Kim Horrocks that turned in a time of 4:04.1.

Hansberry, whose specialty is the 100 yd. butterfly, was also a member of the district qualifying team in the 200 yd. medley relay. Senior backstroke swimmer Sharon Hennessey was lead-off for the medley, followed by Peoples, Hansberry, and Horrocks.

Senior Chris Haley, who swam competitively for the first time this year, was an asset to the team. She brought points in the 50 and 100 yd. freestyle.

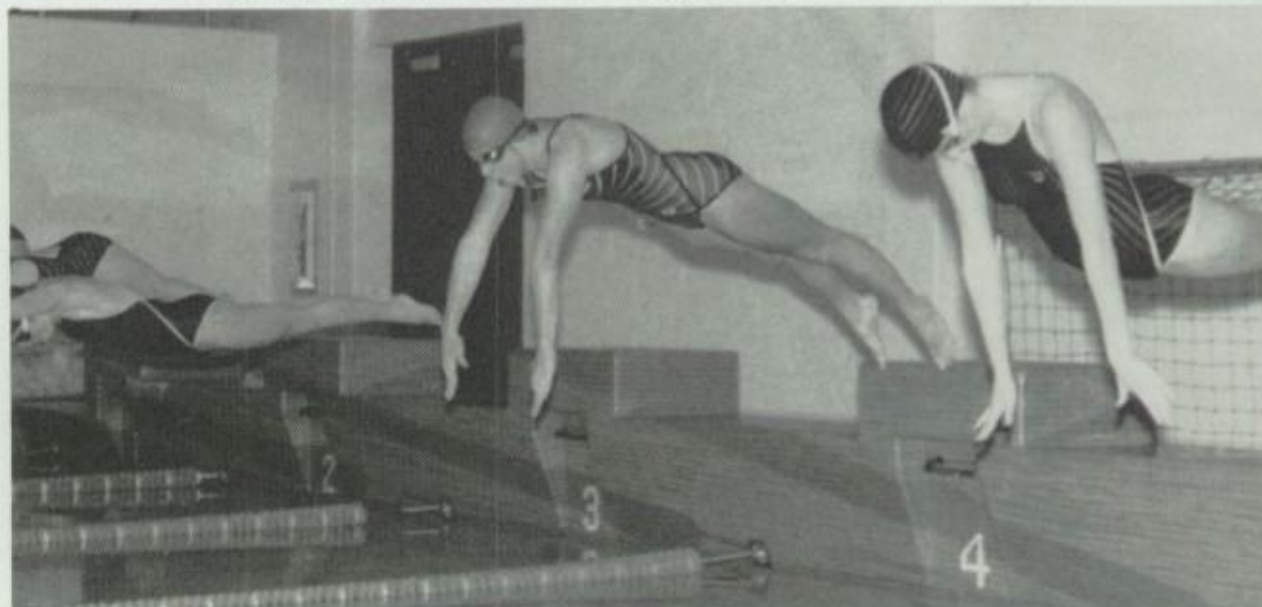

In girls' diving, senior Chris Norton's excellent performances contributed many points to the team's scoreboard. In addition to her many first places, Chris broke the school record this year, which gives her the distinction of being the best girl diver in the history of PVHS. Chris was helped by the increasingly skillful work of sophomore Lisa Harris and freshmen Tara DeWane and Jennifer DiPiano.

WATER POLO WINTER TRACK WRESTLING

The **Water Polo** team scored its first victory this year against the Germantown "B" team. Rob Peck and Bob Cassel were high scorers this season, with 13 and 9 goals respectively. Mike Bono and Dave Beatty were co-captains. This was an outstanding season because of the vast improvement in the team's skills.

The **Junior High Wrestling** team entered its first year of competition with fourteen wrestlers. Under the coaching of Mr. Plichta, the PV grapplers showed improvement throughout their independent season. Mark Marino and Brad Whitman had perfect records.

Although **Boys' Winter Track** does not carry a win-loss record, the team had an outstanding season. The league in which they compete is composed of fifty-five schools, and all meets are championship style. The most consistent medal winner was Jack Farrell in his specialty, the shot put. Underclassmen Chris Osisek (in the triple jump), Jason Eicholtz, and Chris Fretz (in the distance events) gave real promise to the future.

The **Girls' Winter Track** team competed in only one dual meet, a convincing win over Wissahickon; but they competed in many championship style meets around the state as well as out-of-state. Every girl on the team qualified for the indoor state meet, and seven girls qualified for the Eastern States Championship at Harvard University. The Eastern States championship centered around PV's record setting distance medley relay team of Kate Coll, Karen DeLucia, Michelle Hydier, and Susan Kelley, in addition to the two miler, Rita Sheppard. Shot putter Beth Yocum and middle distance runners Sarah Bochnowicz and Jody Potteiger also contributed to this very successful season.

WRESTLING

The practice room wall read, "We are bound by no limits, only those self-imposed." Drawing strength from this, the Vikings went to work to better a one-win team of a year ago. By attending tournaments, clinics, and summer camps, the investment began to pay off. Led by captains Tom Watts, John Diehl, and Doug Lindsay, the team accomplished what only one other mat team in PV history had done — they won ten meets.

Lindsay, Watts, and Preston Giambrone were the champs as PV finished 2nd in the Pottsgrove Christmas Tournament. Tom Watts led the team with 20 wins followed by John Diehl, Doug Lindsay, Jack Farrell, Preston Giambrone, and Ron Sowers — all with 15 wins or more. The JV raised their win percentage from five a year ago to forty this year.

Tom Watts earned district honors by winning the championship and being named 'Outstanding Wrestler' in districts. His coach, Mr. Kramer, was named 'Coach of the Year.' Tom went on to capture the Southeastern Regional Class AA Championship.

The wrestling team succeeded in putting **pride, discipline, and hard work** back into their vocabulary.

SKIING

The 1983-84 version of the Perkiomen Valley Ski Club made their way to the Sugarbush Ski Resort in the beautiful and conveniently mountainous state of Vermont.

Last year's trip to Sugarbush ended in an extended stay because 30 inches of snow fell within twelve hours . . . great skiing, but hazardous for the ride home.

Arctic air greeted the forty-seven skiers this year as the wind chill factor reached thirty-five below zero. Besides having a great time, mass quantities of food disappeared wherever this troupe rested their weary bodies.

Thanks go to Mr. Cochran and Mr. Ali-mena for their chaperoning efforts. They reported this year's group was the best yet! It was a model group . . . no injuries, few complaints, and a lot of good skiing.

Plans are underway to expand club activities, having two trips a year; and, eventually, taking an exotic trip to Europe.

The goal of the club will always be the same . . . skiing with friends at places one could not normally afford by oneself.

BOYS' TENNIS

This year's boys' tennis team gets an "A" for effort. Unfortunately, their season ended with no wins, although several individual matches were won along the way.

Rick Marcelli participated in the qualifying tournament for District One singles and doubles; his partner was Rob.

The Ninth Grade Lacrosse Team finished its season with a record of 2-5-1 in the North Ches-Mont league. Highlights of the season included wins over Spring-Ford and Boyertown West, and an offensive duel with Pottstown that ended in an 11-11 tie.

Circe Smith and Sharon Wisler were elected co-captains by their 28 teammates and led the Viking attack. Sharon scored 23 of the team's 43 goals, while Circe added 7 more tallies. Goalie Denise Young was credited with 104 saves during the season.

The Seventh and Eighth Grade Lacrosse Team was led by co-captains Elizabeth Bagley and Angela Mazza. The 45 team members compiled a record of 3-4-1, with victories over Pottstown, Owen J. Roberts, and Phoenixville.

The teams were coached by Mrs. Ettinger and Mrs. Fuhrman.

"These kids just don't give up; they keep right on fighting." Coach Hendrickson used those words to describe her varsity team throughout this year's season. And fight they did — right down to the clash with Plymouth-Whitemarsh in the first round of the District playoffs. Although the team came up short in that final contest, theirs was a very successful season. They finished in a three way tie for first place with Souderton and C.B. West.

All Bux-Mont selections included Lenore Tornetta, 1st team; Tami Trauger, Kim Kadegis, Kelly Tobin, and Chris Haley were second team selections. Kim Kadegis led the scoring with 36 goals.

The JV team won 7 and lost 4, with Jamie Little and Kerry Houpt each scoring 16 goals. With the experience gained, many of these players will move up to varsity positions next year.

BASEBALL

With adverse weather conditions the first month of the season, practice was limited to indoor batting cages and picking up grounders off slow-rolling turfs.

The varsity recorded five wins, eleven losses and two ties. They lost six one-run games, one to 1st place Upper Perk by a 5-4 margin. Close contests were lost to 2nd place Quakertown and 4th place C.B. East.

The potential and desire were there; unfortunately, the lack of pitchers and experience were instrumental in keeping the Vikings out of a top spot.

All Bux-Mont selections were Kevin Cain, 2nd Team; Dave James, Chas Garber, Matt Dunning, and Tony Augustine received Honorable Mention.

The JV team was young, with four sophomores, eleven freshmen, and only two returning lettermen. All the pitchers were freshmen — Dave Robinson, Chris Schauder, and Bryan Gregory. Outstanding hitters were Bob Cassel, Jack Schantz, Steve Pratt, Dave Robinson, and Jim Bildstein.

GIRLS' TRACK

"At Perkiomen Valley we only want individuals to improve themselves from event to event. These girls have to work hard to maintain this level, and I'm proud of the job they've done. I'm relieved with the final product." With these words, Coach Wiser accepted the state crown in Track and Field for the fifth consecutive year, a record that will hold for years to come.

The Viking girls swept through the Bux-Mont league; went on to take the District title; and dominated the state competition, taking the crown with points to spare.

Records were broken throughout the year. The distance medley relay team of Karen DeLucia, Kate Coll, Lisa Howard, and Lisa Thompson set a new record with a 12:31.7. The 1600 meter relay team of Michele Hydier, Kate Coll, Lisa Howard, and Karen DeLucia took the state title with a 4:01.5. Not only was Karen on the 1600 relay team, she also took fourth place in the 400 meter dash and anchored the second place 3200 meter relay team of Sarah Bochnowicz, Kate Coll, and Lisa Howard. Junior Joyce Lasorda finished sixth at States with a high jump of 5-2.

Most of the records were set by one individual, a dynamite young lady who entered West Point soon after graduation — **Lisa Thompson**. Among her accomplishments this year were the 1983 Dannehower Award, the Inquirer Athlete of the Week Award, four gold medals at Bux-Monts, four gold medals at Districts, and two gold medals at States. As Mr. Manley put it, "We're proud that Lisa has allowed Perkiomen Valley to share her stardom."

Competitors qualifying for States included Darcy Calkins, Bev Jones, Robin Lassiter, Lisa Thompson, Sarah Bochnowicz, Kate Coll, Karen DeLucia, Lisa Howard, Joyce Lasorda, Rita Sheppard, Cindy Walters, Michele Hydier, and Susan Kelley.

Congratulations to the 1983 Viking girls and their coach!

Weather notwithstanding, the boys' Track and Field team captured the District title, beating Octorara by two points. The winds and rain hurt the runners, adding seconds to their times; but Brian Harkins led the team to a first place finish with a total of 78 points.

Throughout the entire season, maximum performances by Senior Brian Harkins paved the way to the coveted District crown. He alone set five new school records during the season: The 100 meter dash (11.1), the 110 meter high hurdles (14.46), the 300 meter intermediate high hurdles (38.2), the long jump (22'3 3/4"), and the 400 meter dash (50.6).

Other seniors who contributed to the successful season were Dave Bushnell, Joe Erdek, Greg Hohman, Rob MacFarland, Matt and Tom Kile, Rick Russo, and John Stewart. The distance medley relay team of Dave Bushnell, Brian Harkins, Matt Kile, and Tom Kile set a new school record with a 10.48.4.

ADMINISTRATION

FACULTY

ACADEMICS

1983-1984 Perkiomen Valley Board: (Seated) Mrs. Loretta Robison, Secretary; Mrs. Pat Marino, Vice-President; Rev. Frederick Geib, President, Mr. Ernest Schmitt, Treasurer. (Standing) Mr. Bruce McBain; Mr. John Menichiello; Mr. Vilnis Viksne; Mr. Ralph Decker; and Mr. Edward Eicholtz.

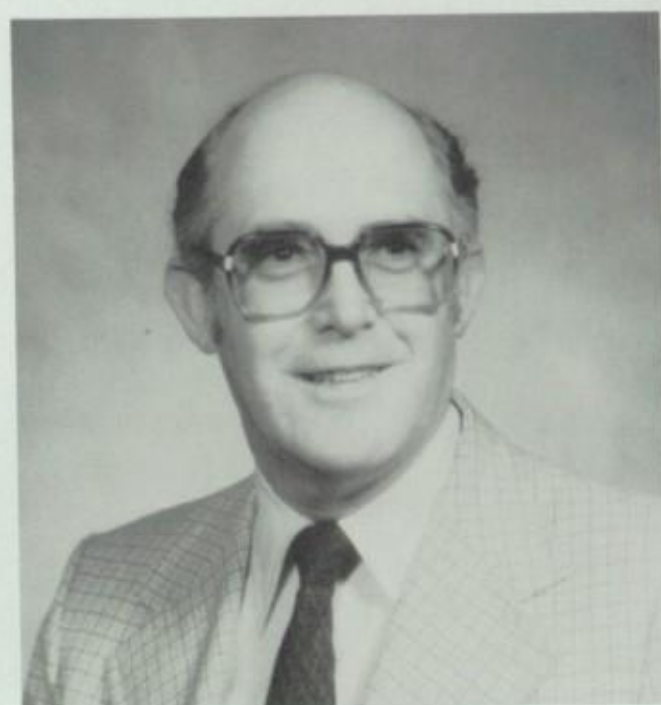

In 1984 we have experienced such events as space exploration, the Olympics, and the preparation for national elections. In all these cases we see the best people and a great investment of time and training.

At the Perkiomen Valley schools we experience the same kinds of things. Of prime importance are the students, preparing for a life of work and enjoyment. The entire district is striving to achieve excellence, and there are numerous ways by which this can be accomplished. Our facilities are among the best around. Our administration and staff are dedicated people, determined to give each student every opportunity to excel. We also have a highly motivated student body; we see most children and young adults studying and investing their lives to do their very best.

While the entire nation is keenly aware of the emphasis on education, the Perkiomen Valley School District continues to seek ways to improve our already excellent program. At the present time, Wave IV, a long range planning program, is in progress. The involvement will reach every segment of our community. This is but one way in which we can work together to improve an already good school system.

LET'S GO FOR IT!

ADMINISTRATION

For the past five years our motto has been "Where the accent is on excellence." How does one know when he has attained excellence? Is it ever fully attained?

Excellence is the elusive goal out there just beyond reach that one is always striving and reaching toward. It is like the track star who tries to improve upon his record time with each new race.

It is one thing to criticize. It is a more sophisticated and higher ideal to work and contribute toward making the school program the best that it can be and helping students to be the best that they can be.

Recent national studies of education have been very critical of high school academic programs across the nation; improvements are needed. The easy part in making such improvements is changing the attitude that is required of everyone.

Our commitment is to **"GO FOR IT"** by establishing explicit and demanding requirements concerning discipline, attendance, homework, and grades — essentials of effective schooling. Our commitment is to **"GO FOR IT"** by asking teachers and students to assume responsibilities for improving teaching and learning effectiveness.

Perkiomen Valley students will learn effectively by attending school regularly; viewing school as a full time job which sometimes involves a great deal of hard work; trying their best to learn the materials as presented by teachers; and taking an interest in school by working hard to be positive contributors in everything in which they have an opportunity to participate.

As in athletics, to get excited and turned on about academics and learning, administrators, teachers, parents, students, and all community members must get "psyched" and **"GO FOR IT."**

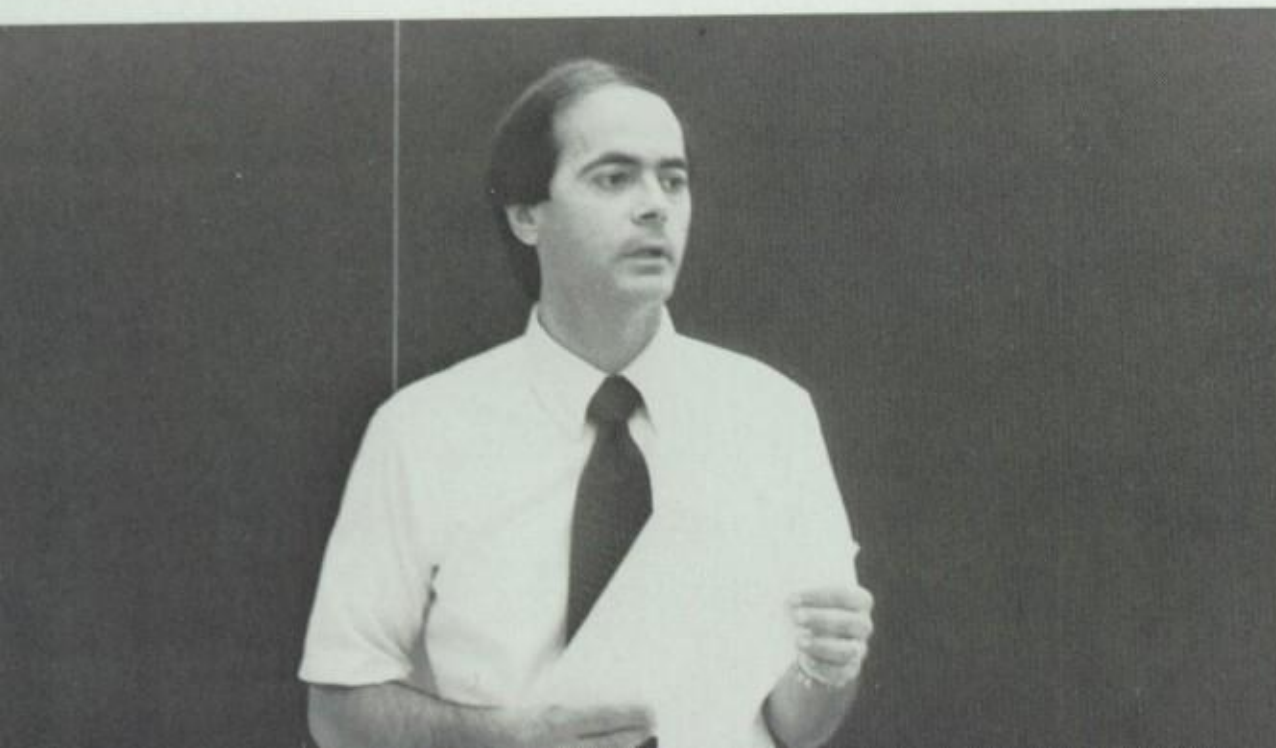

SOCIAL STUDIES

Social Studies students are instructed about the history and culture of the United States and major areas of the world; one goal of the program is to have students enjoy the benefits and assume the responsibilities of informed citizenship.

With the exception of "U.S. Government and Comparative Economics," which is required for one semester in twelfth grade, students elect two courses each year in grades ten through twelve. Grade nine students used a new text this year on United States history.

Each year four students are selected from the senior class to participate in the Presidential Classroom For Young Americans, a week-long experience in Washington with students from around the world. Students are also selected to participate in Law Day ceremonies. The Student Exchange Program is directed by the department, giving two Japanese high school students a full year to experience life and education in this country.

Faculty members are not only active in school programs, they are involved in church groups and community athletic programs. Mr. Zeigler replaced Mr. Yeakel, and Mr. Krum is in the high school all day instead of traveling between schools.

In addition to the required English courses on each grade level, students in grades ten, eleven, and twelve may elect semester courses such as Creative Writing and Public Speaking. Advanced English is now offered to seniors who qualify; this program should evolve into an Advanced Placement course for college entrance.

Emphasis has been placed on giving students a wide range of experience in reading, writing, speaking, and listening skills. A department manual for writing research papers is being revised.

Mrs. Beverly Lenk is now in the high school, having moved from middle school. Mr. Ruppel is newspaper advisor; Mr. Graber is a member of the Principal's cabinet; and Mr. Rembisz heads the Audio-Visual Program.

New literature books were used in tenth and twelfth grades, while new editions of Warriner's English Grammar and Composition were used in ninth and twelfth grades.

The department again arranged for poet Frank McQuilkin to be in residence five days during the year.

SCIENCE

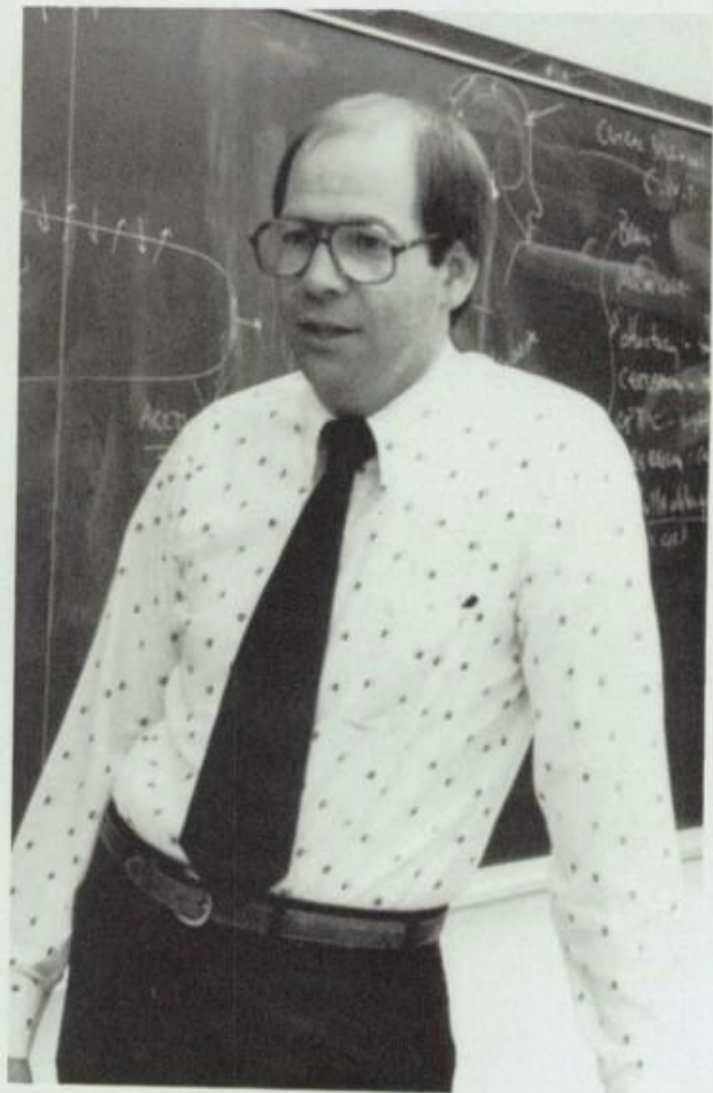

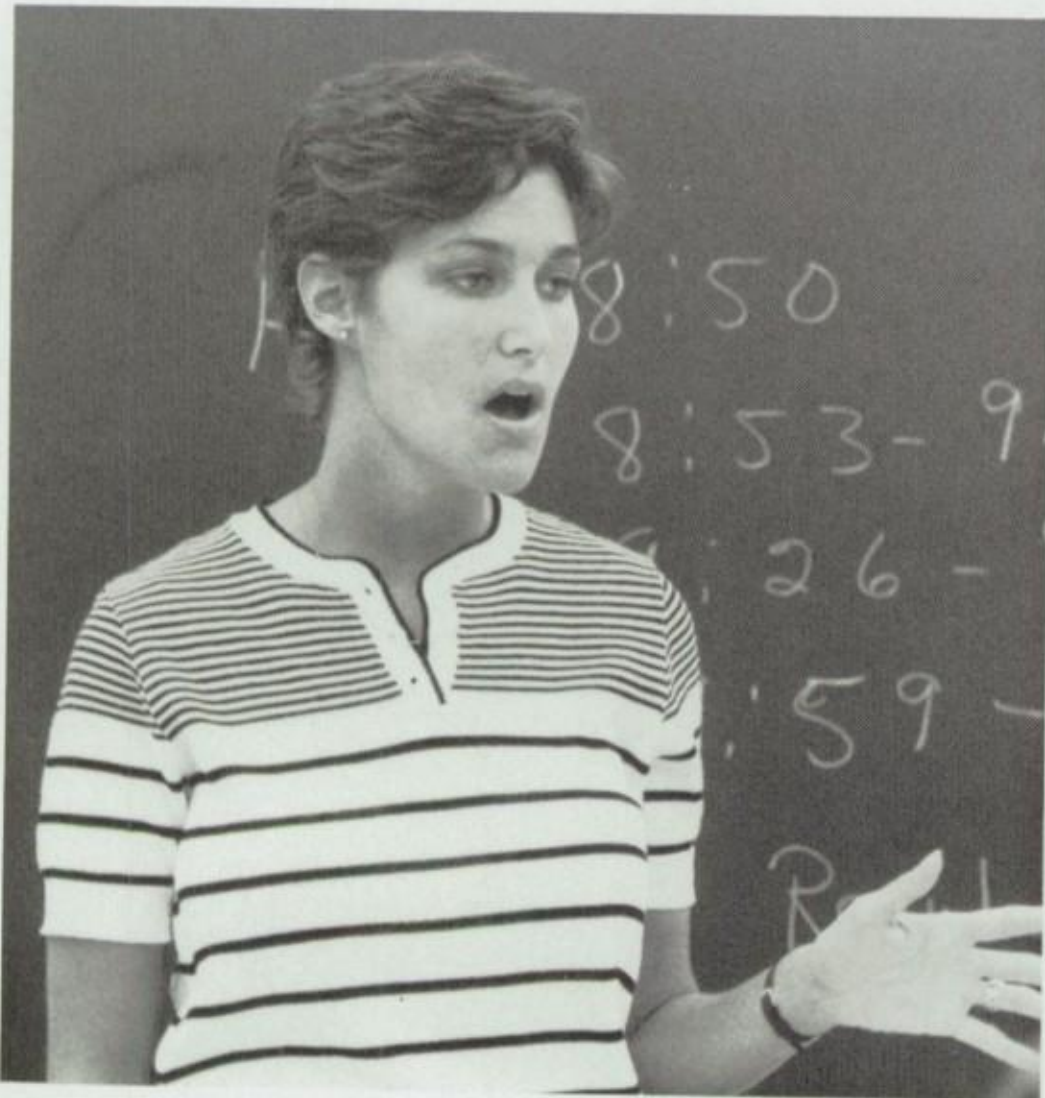

Advances in technology are opening new opportunities for science related careers. Students electing to further their science backgrounds beyond the two required courses have a variety of offerings from which to choose. Advanced Science programs begin in Grade nine with qualifying students taking Biology.

In addition to a wide variety of regular science courses, advanced programs are offered in Biology, Chemistry, Anatomy and Physiology, and Environmental Science. A major goal this year has been to make all students more aware of the role science is playing in our lives.

A new teacher, Kathy Chesen, has joined the science team as a Biology teacher. Kathy received her B.S. at Penn State University.

Science department teachers also contribute to the well-being of the student body by coaching various sports, sponsoring honor societies, being class sponsors, and participating on the Principal's cabinet.

Chemistry and Biology classes used new texts this year.

MATHEMATICS

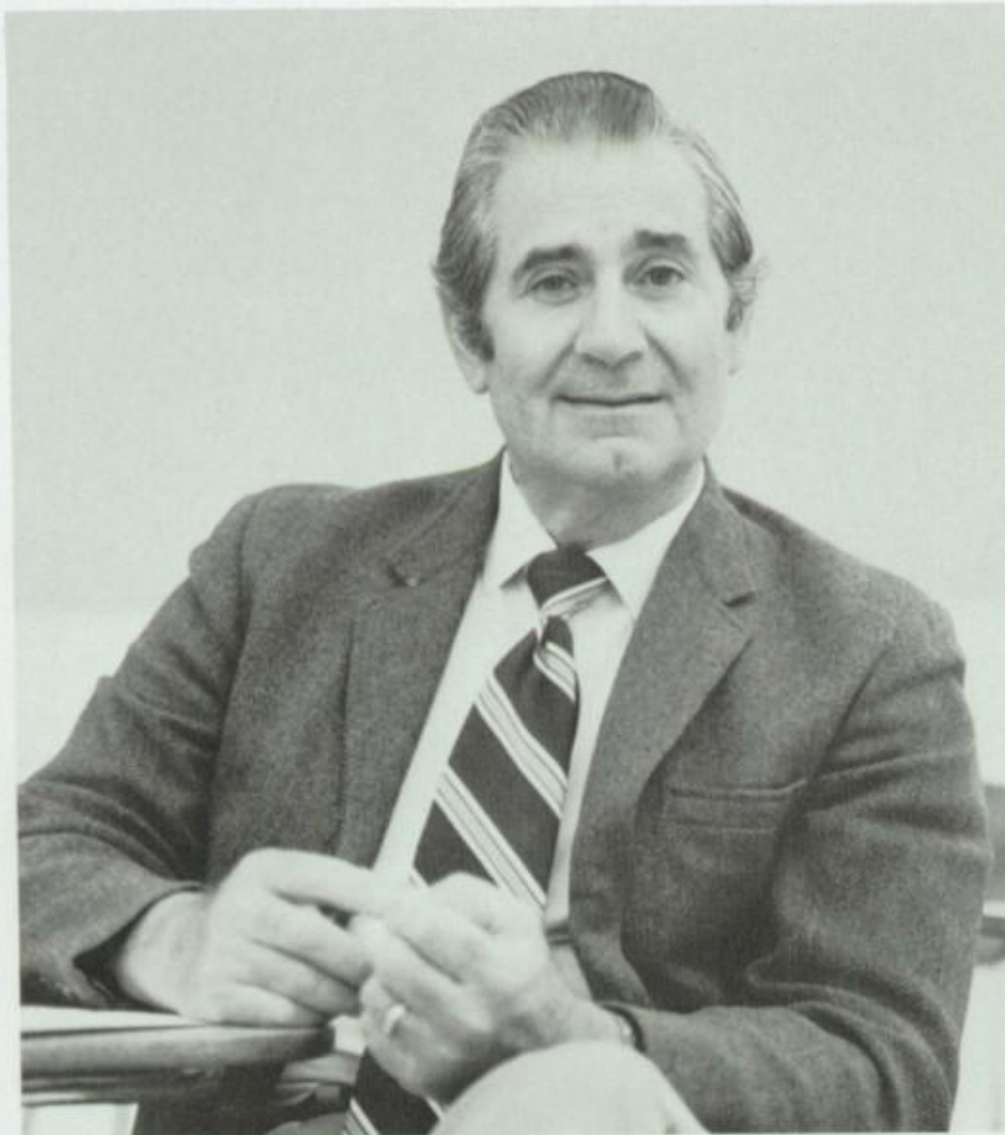

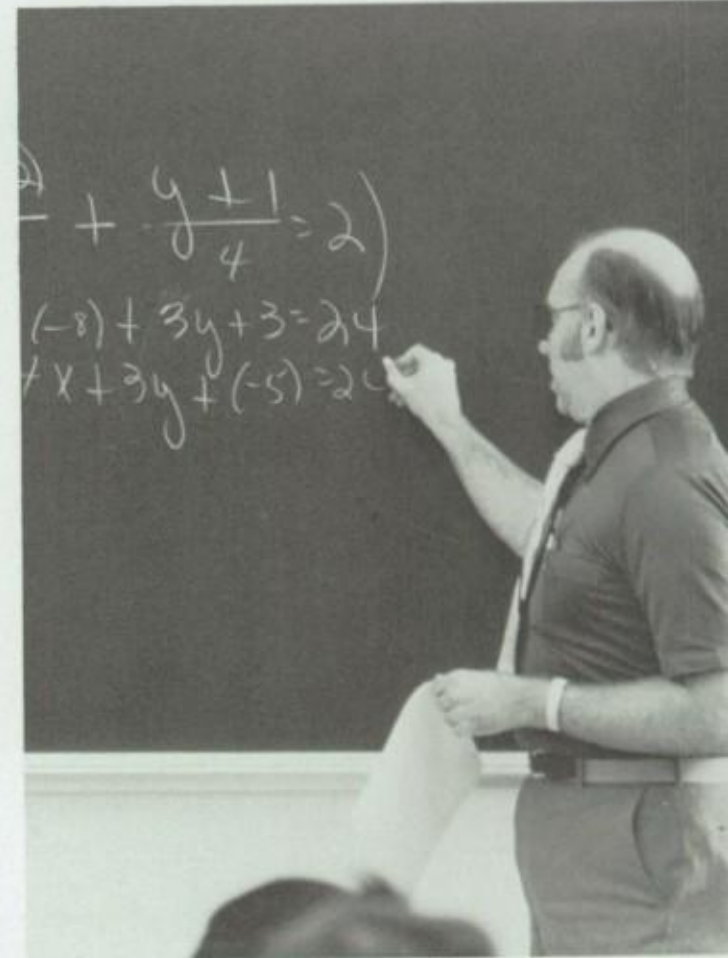

In a society of increasing technology, it is essential that students have an understanding of mathematical concepts. Such competency serves as a foundation for more advanced learning and prepares students to meet the challenges of everyday life. There are three levels of Mathematics offered; Accelerated, for students who have shown exceptional ability; Academic, for those who plan to further their education beyond high school; and Basic, for those who need a working knowledge of practical mathematics.

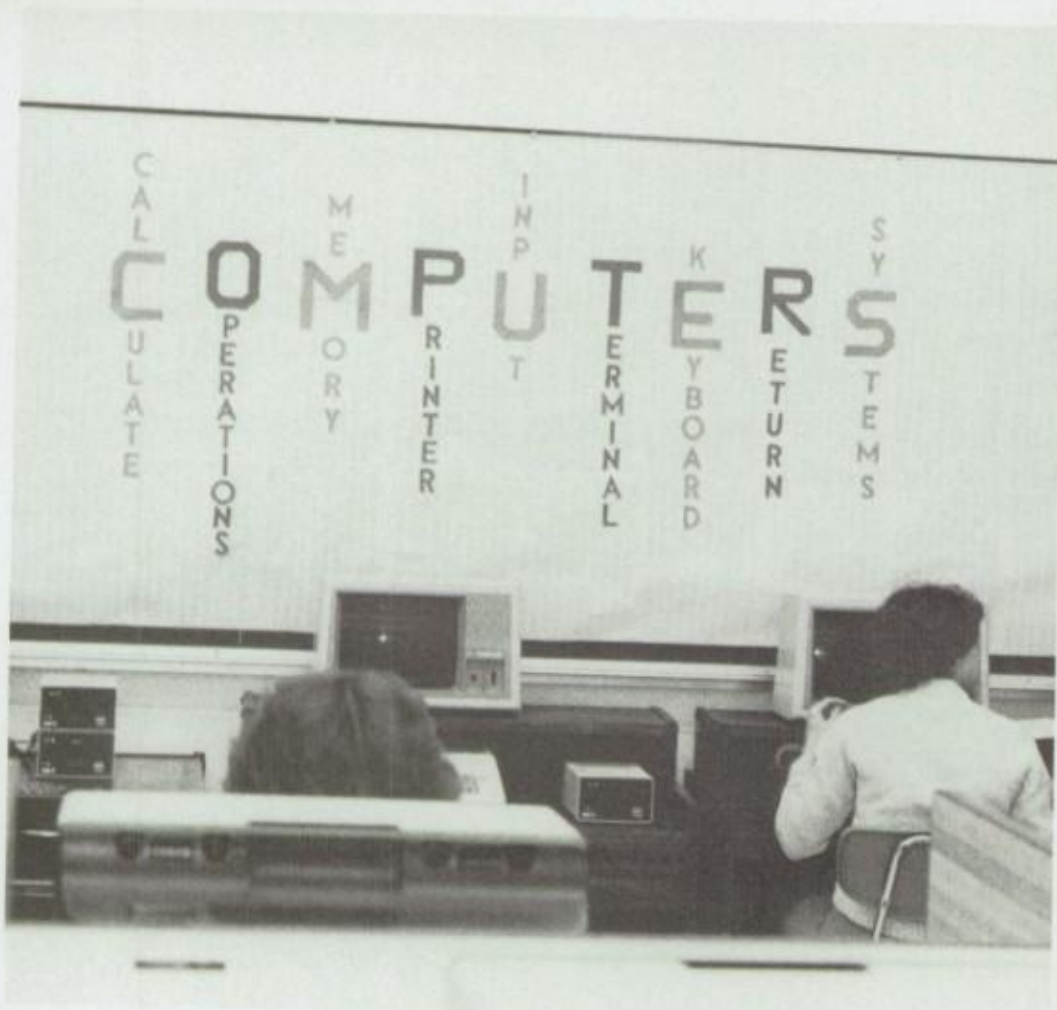

Mrs. Palmer, from the middle school, is now full time at the high school; and a new teacher, Julia Setzer (M.Ed. Temple), has joined the staff.

A major new course, Computer Literacy, was available for grade eight students this year. Another new course, Fundamentals of Mathematics, was made available for grade ten students.

Ten new Apple computers were added to the department for use in course work.

Mathematics teachers also made themselves available as Student Forum Advisor, Community Education Instructor, Principal's Cabinet representatives, and coaches of basketball and lacrosse. Teachers also offer tutoring programs for students after school.

LANGUAGES — READING

Many career opportunities present themselves to people who take a foreign language. In business, high tech industries, medicine, social service, law, nursing, tourism, and governmental work, a knowledge of foreign languages is valuable.

Three hundred fifty students in grades eight through twelve elect foreign languages. Four levels are offered in French, German, and Spanish. For the last two years Spanish classes have been offered the opportunity to visit Mexico where they experienced the culture and foods of the country.

Mrs. Reilly joined the Foreign Language Department this year, replacing Mrs. Cristo. Mrs. Reilly also coaches the 8th and 9th grade cheerleading squads.

A new elective Reading program has been developed to help students perform well throughout high school and be prepared to meet college entrance expectations. Although the course is advertised as a Reading course, areas of concentration include: Study Skills, Vocabulary Development, Comprehension, Speed Improvement, and SAT Preparation.

In addition to the accelerated program, an individualized reading course has helped students improve in areas of reading comprehension, vocabulary development, and study skills.

Both Reading courses provide a real 'opportunity' to grow and improve one's reading and learning skills.

Participation in outside courses aids the teachers in knowing more about how different children learn and, thereby, provides a more varied experience in the classroom.

The T.M.R. program at the high school services students from five surrounding school districts. The students attend vocational, academic, home economics, gym, swimming, and art classes. They learn skills that will help them become more productive members of society. Student aides volunteer their time to help teachers accomplish these goals.

This year there are twenty special education aides. Among the various crafts done by the students are buttons are made for many purposes.

COUNSELING CENTER

The Counseling Center provides services to all parts of the high school community: Students, their parents, and teachers. Counselors assist with orientation of new students, academic planning, and the distribution of information regarding the standardized testing program. The Counseling Center also provides activities for students which encourage career exploration and occupational planning.

During 1983-84, the Counseling Center welcomed Mrs. Judith Thornton to the counseling staff. Also, during this year, the Coordinated Occupation Information Network (COIN) system was installed to provide up-to-date information on college and job opportunities. As a result, we believe Perkiomen Valley graduates will be more aware of career requirements and opportunities, and, therefore, be more successful after graduation.

Counselors share with other faculty members a strong belief in the potential of students who attend Perkiomen Valley High School. Our common goal is to assist young people in building creative, constructive, and productive lives.

BUSINESS, CO-OP

Students in grades nine through twelve may take advantage of courses offered in the Business curriculum; those programs whose major contributions to education are the marketable skills gained by students for use in earning a living and making a career.

Students who choose to enter the business world immediately after high school graduation gain hands-on experience in Typing, Shorthand, Accounting, Business Mathematics, and Clerical skills. Students planning to further their educations take advantage of Typing and Accounting courses. A new course, Keyboarding, has been added this year for students planning to take related computer courses.

An Apple III computer arrived in the department this year, and teachers became involved in taking courses necessary for future use in teaching Word Processing and Accounting.

Students in the Business Department use their skills by typing for other departments—doing daily announcements and typing course materials for teachers. The faculty are involved with the Activity Fund, School Store, Yearbook, and the typing and printing of Programs and Tickets for school and community productions.

With the retirement of Mr. Palomaki, Mr. Banister joined the staff this year.

CO-OP, or Cooperative Education, is a closely supervised program of work and study, providing students the opportunity to receive job experience as part of their senior year curriculum. This year eighteen students are participating in the program, attending school for required courses part of the day and working in local businesses in the afternoon. Businesses such as Renninger's, Otts, McDonald's, K-Mart, Rustler, and Ursinus College employ students. Other areas of training include auto body repair, horseback riding instruction, construction, and dental and medical assistant training.

THE ARTS

Valuable hands-on experience in the development of craftsmanlike skills is gained by the approximately 350 students in Industrial Arts courses. From an introductory survey course, students move on to Advanced Woodmaking, Architectural Drawing, and Solor Architecture. Both teachers and students contribute their time in making scenery for school plays.

Cooking and sewing instruction are not the only courses taught by the two teachers in Home Economics. Housing and Interior Decorating, Child Development, and Family Living are now offered. A nursery school program has been underway for local four-year old children in a Child Care course. Students maintain the flower beds in front of the school. A clothing service was originated this year to help all high school students with the care and repair of their clothing. This department has also been making cushions for the new furniture in the lounge area.

Students taking advantage of the variety of course offerings in Music participate in the Band, Choir, Honors' Chorus, and Wind Ensemble. This year a new course, Music Appreciation, was added to develop the student's ability to listen to music intelligently and sensitively. The Music department contributes to the enjoyment of the faculty, students, and community with their outstanding concerts, musicals, and assemblies. The band participates throughout the year at games, pep rallies, and community events.

Realizing that Art is an important part of their culture and everyday lives, approximately 300 students took advantage of the various courses offered by the two teachers in the Art Department. This year Ceramics and Dimensional Design were combined into one class; a new course, Crafts, was added. Advanced courses have been offered in Drawing and Painting. Mr. Hale and Miss Smith lend their talents to other departments and groups, helping with posters for various events and for participation in contests. They give artistic guidance for pep rallies and Spirit Week, in addition to giving bulletin board and display assistance to other departments. They also do lettering for award certificates. Each year students experience field trips and gain from the information of outside professionals.

PHYSICAL EDUCATION

All students must take Physical Education throughout high school. They elect activities in the beginning of each year for all four marking periods. They must choose one team activity and two lifetime activities, with the fourth being an optional choice. A Basic Rescue course is offered to the eighth grade students. Advanced Life Saving is also offered to those who qualify.

All members of the department are involved in coaching and outside activities. Mr. Fretz and Mr. Moatz have attended courses on Care of Athletic Injuries; Mr. Schulte has attended the Olympic Training Center for Aquatics program at the University of Colorado; and Mr. Clifton has attended courses on Drugs and Alcohol.

LIBRARY — DRIVER EDUCATION

NURSE — SUPPORT PERSONNEL

This year the library has instituted an automated system for borrowing books; each student and staff member has received a personalized library card. The borrower's code and book return due date are recorded by machine.

For the first time the high school library is open during the evening, from 7:00 to 9:00 PM on Thursdays, for use by students and other members of the community.

Goals of the library include providing materials and services for students in course areas and encouraging students to use the facilities for their own pleasure and personal growth.

Driver Education for all tenth grade students follows the requirements of the Pennsylvania Department of Education, using discussion, demonstrations, and audio-visuals to give the student proper driving information. Some topics covered are: Preparing to Get a Permit and License; Common Driving Emergencies; How the Car Operates; Accident Repairs; Traffic Signs and Signals, and Insurance.

VOCATIONAL EDUCATION

Perkiomen Valley High School is associated with North Montco Area Vocational-Technical School, which provides occupational training in various trades.

Students from 10th, 11th, and 12th grades attend 'Tech School' each morning, returning to the high school at 11:30 for lunch and afternoon academic courses.

Students receive a minimum of 540 hours per year training for their chosen occupation. Some of the vocational programs offered are Auto Body Repair, Baking, Commercial Art, Construction Carpentry, Cosmetology, Diesel Mechanics, Food Preparation, Graphic Arts, Machine Trades, Small Engine Repair, Masonry, and Plumbing. Technical training is offered in Building Construction, Drafting & Design Technology, and Electronic Technology.

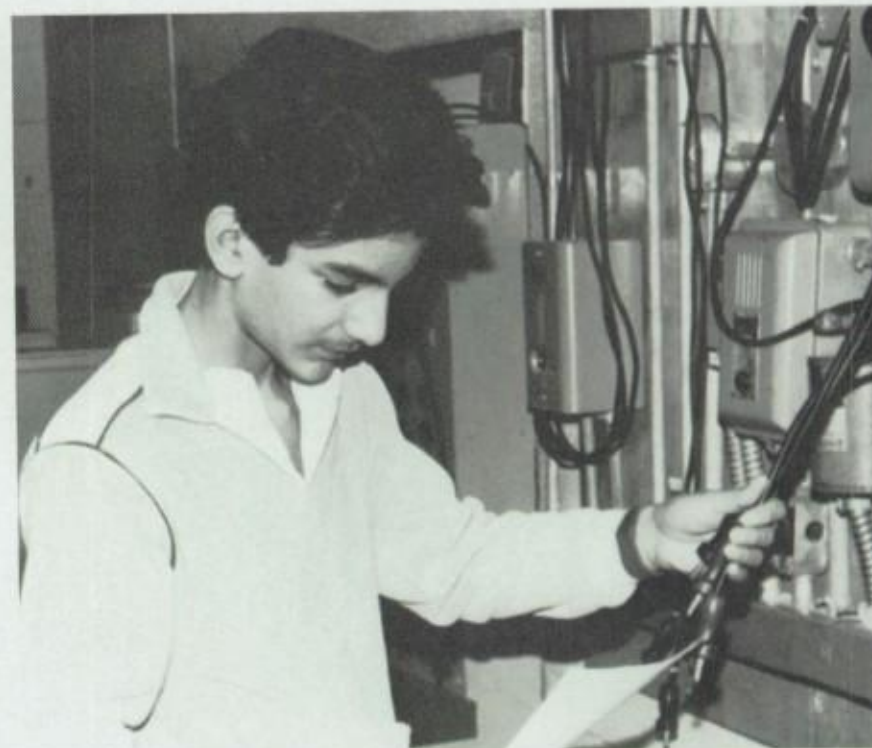

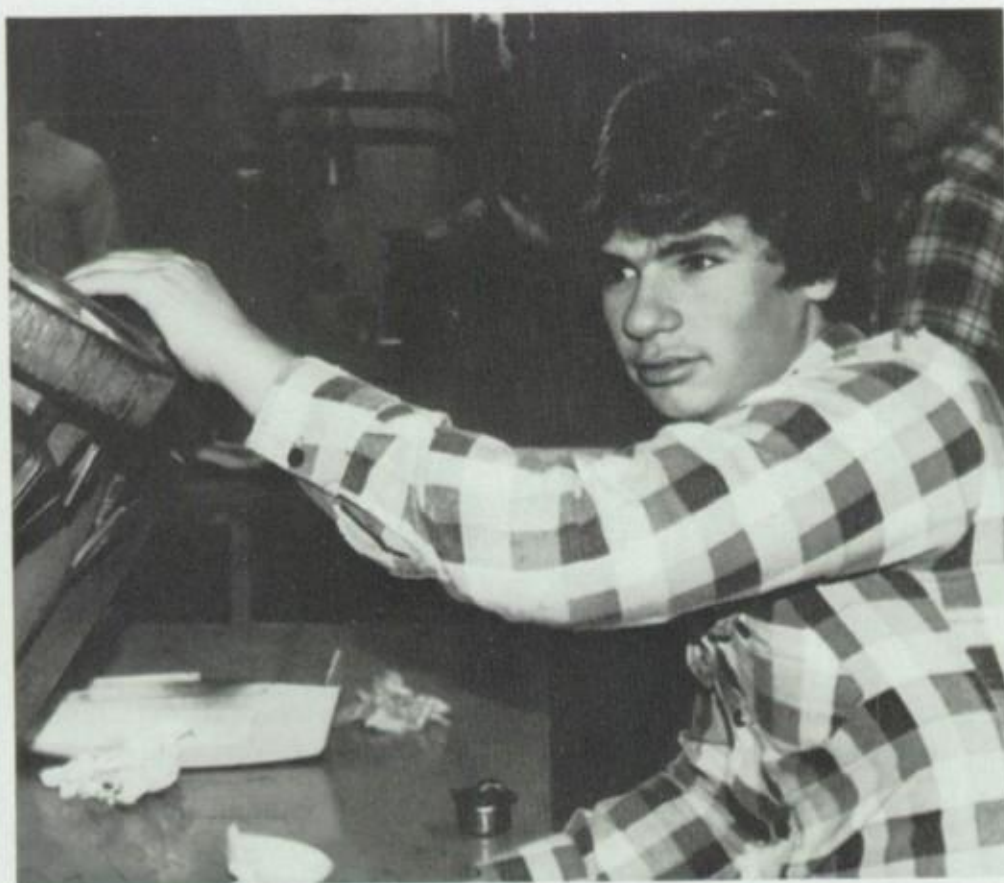

Students who elect the vocational education programs are also eligible for college admission, if they so desire.

CO-OP PROGRAM

The CO-OP Program, under the direction of Mr. Jack Pearson, is a closely supervised system of work and study, providing students the opportunity to receive On-The-Job training as part of their senior year curriculum.

There are twenty students enrolled in 'CO-OP' this year. They attend a daily cooperative education class at the high school in addition to having outside jobs. The classwork consists of lessons on finding jobs, applying for jobs, interviewing, following up on job leads, occupational survival skills and theories, and understanding the trends in the world of work.

Seniors who elect this program must also attend the high school, taking all senior academic subjects necessary for graduation. Having work experience is a practical and immediately useful benefit for these students.

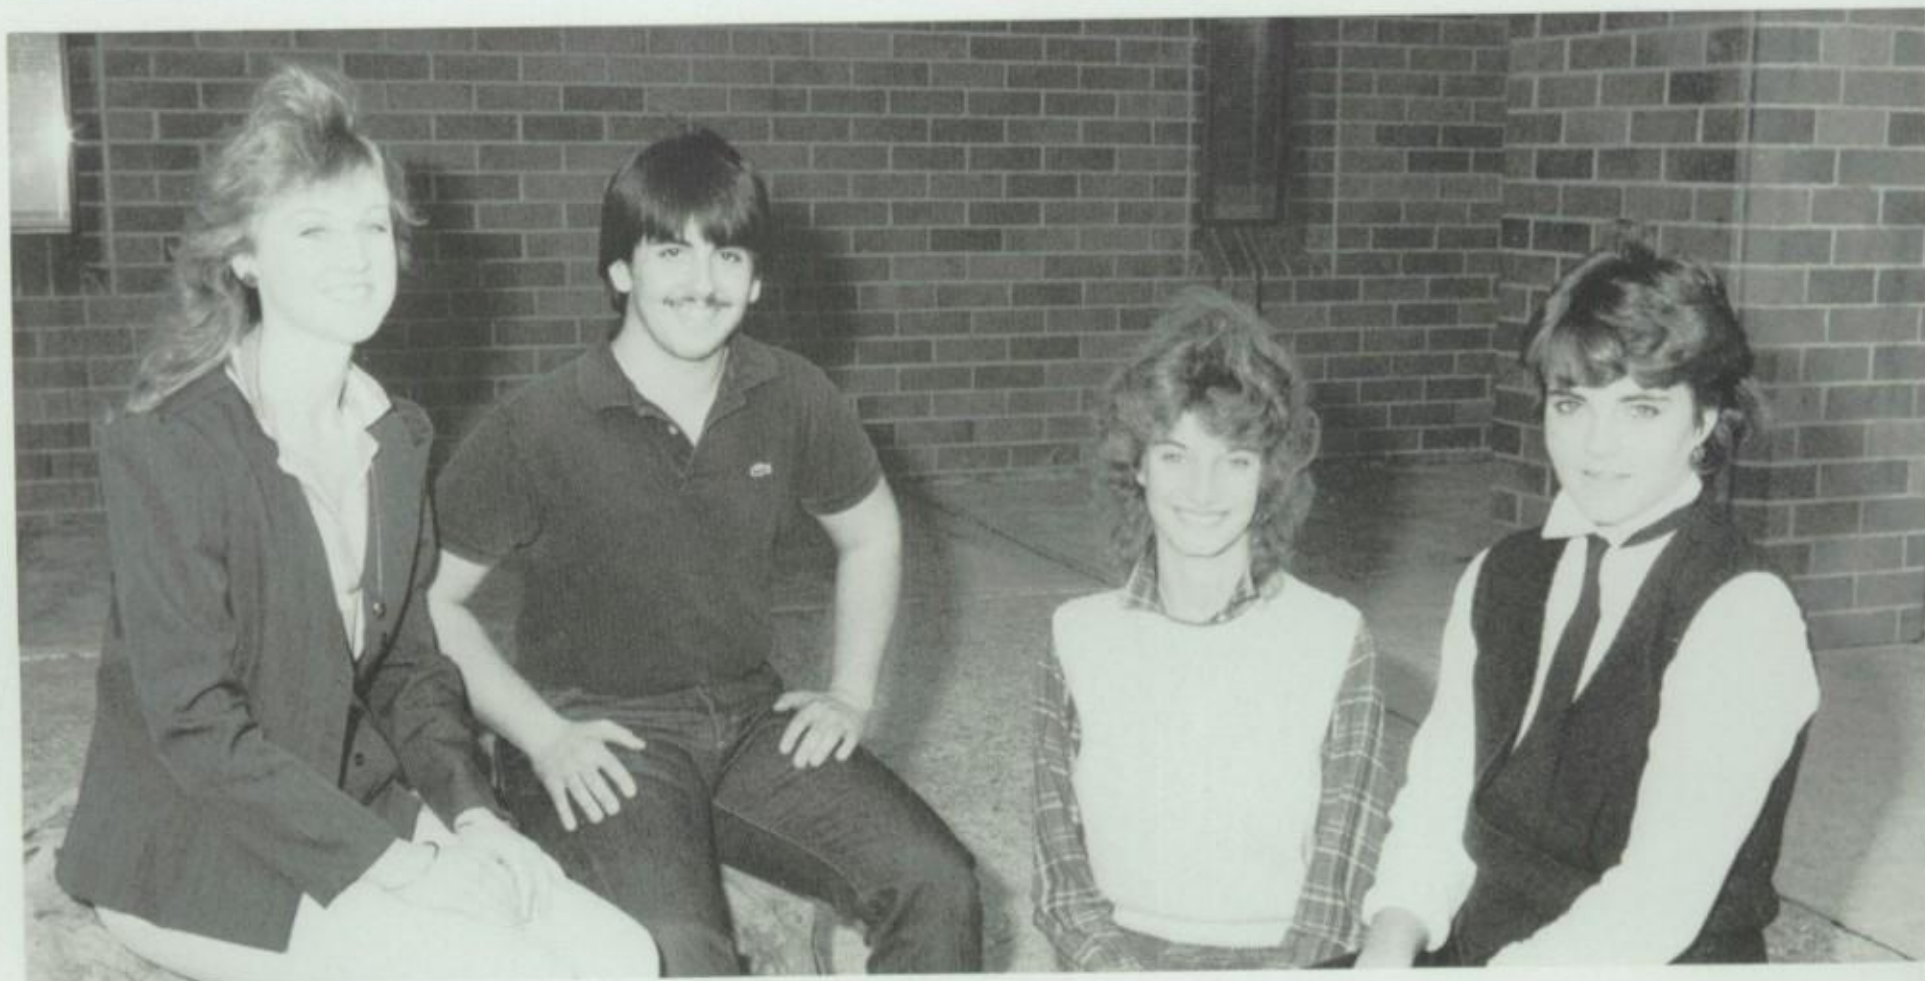

CO-OP Seniors: (Sitting) T. Ott, M. Schimpf, E. Stockmann, K. Hoffman, M. Chadwick. (Standing) C. Stefanski, J. Antosh, P. Bolt, V. Capobianco, W. Kerr, T. Haley, and Mr. Pearson.

STUDENTS

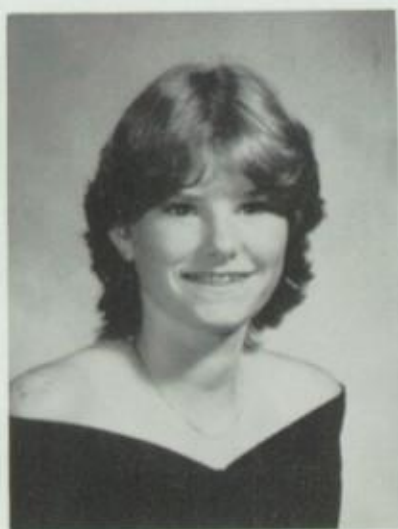

THE CLASS OF 1984: Class Officers — Maureen Mullen, President; Jay Yasenchak, Treasurer; Stephanie Nagle, Secretary; and Sharon Hennessey, Vice-President.

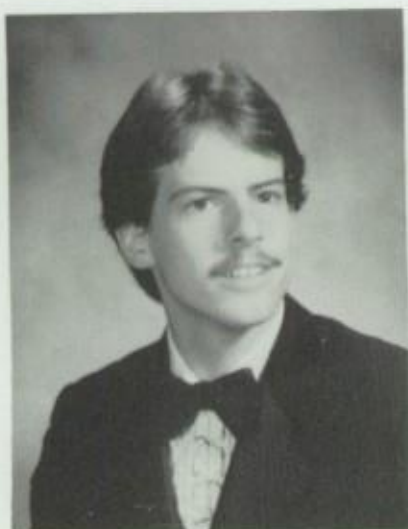

The multi-talented **Class of '84** brought Perkiomen Valley High School pride in their many accomplishments, from academics to sports and the arts.

Their thought for the year — **"Go For It!"** It is obvious by their successes — they **"Went For It!"**

Homecoming, the Winter Ball, and the Prom provided memorable experiences. And who will ever forget the Variety Show of '84!

Lisa Parker and Lynn Cabot attended Montgomery County Community College on a part-time basis this year, in addition to completing their high school studies.

Also attending college programs on a part-time basis were Julie Schuetz, Ursinus; and Sarah Bochnowicz and Dawn Blain, Montgomery County Community College.

The National Century III Leaders Program for seniors was initiated in 1976. Sharon Hennessey, Daren Connelly, and Rita Sheppard represented Perkiomen Valley in the nationwide competition. Local winners were selected on the basis of extracurricular activities, hobbies, work experience, current events exam, and a written essay.

Five seniors attended Perkiomen Valley High School as **Exchange Students**: Denise Baker, from Australia, living with Terry Speakman; Sanna Reponen, from Finland, living with Janice and Jennifer Rapp; Jeannette Hansen, from Denmark; Mette Johansen, from Norway, living with cousin Erik Dougherty; and Modaka Horikawa, from Japan.

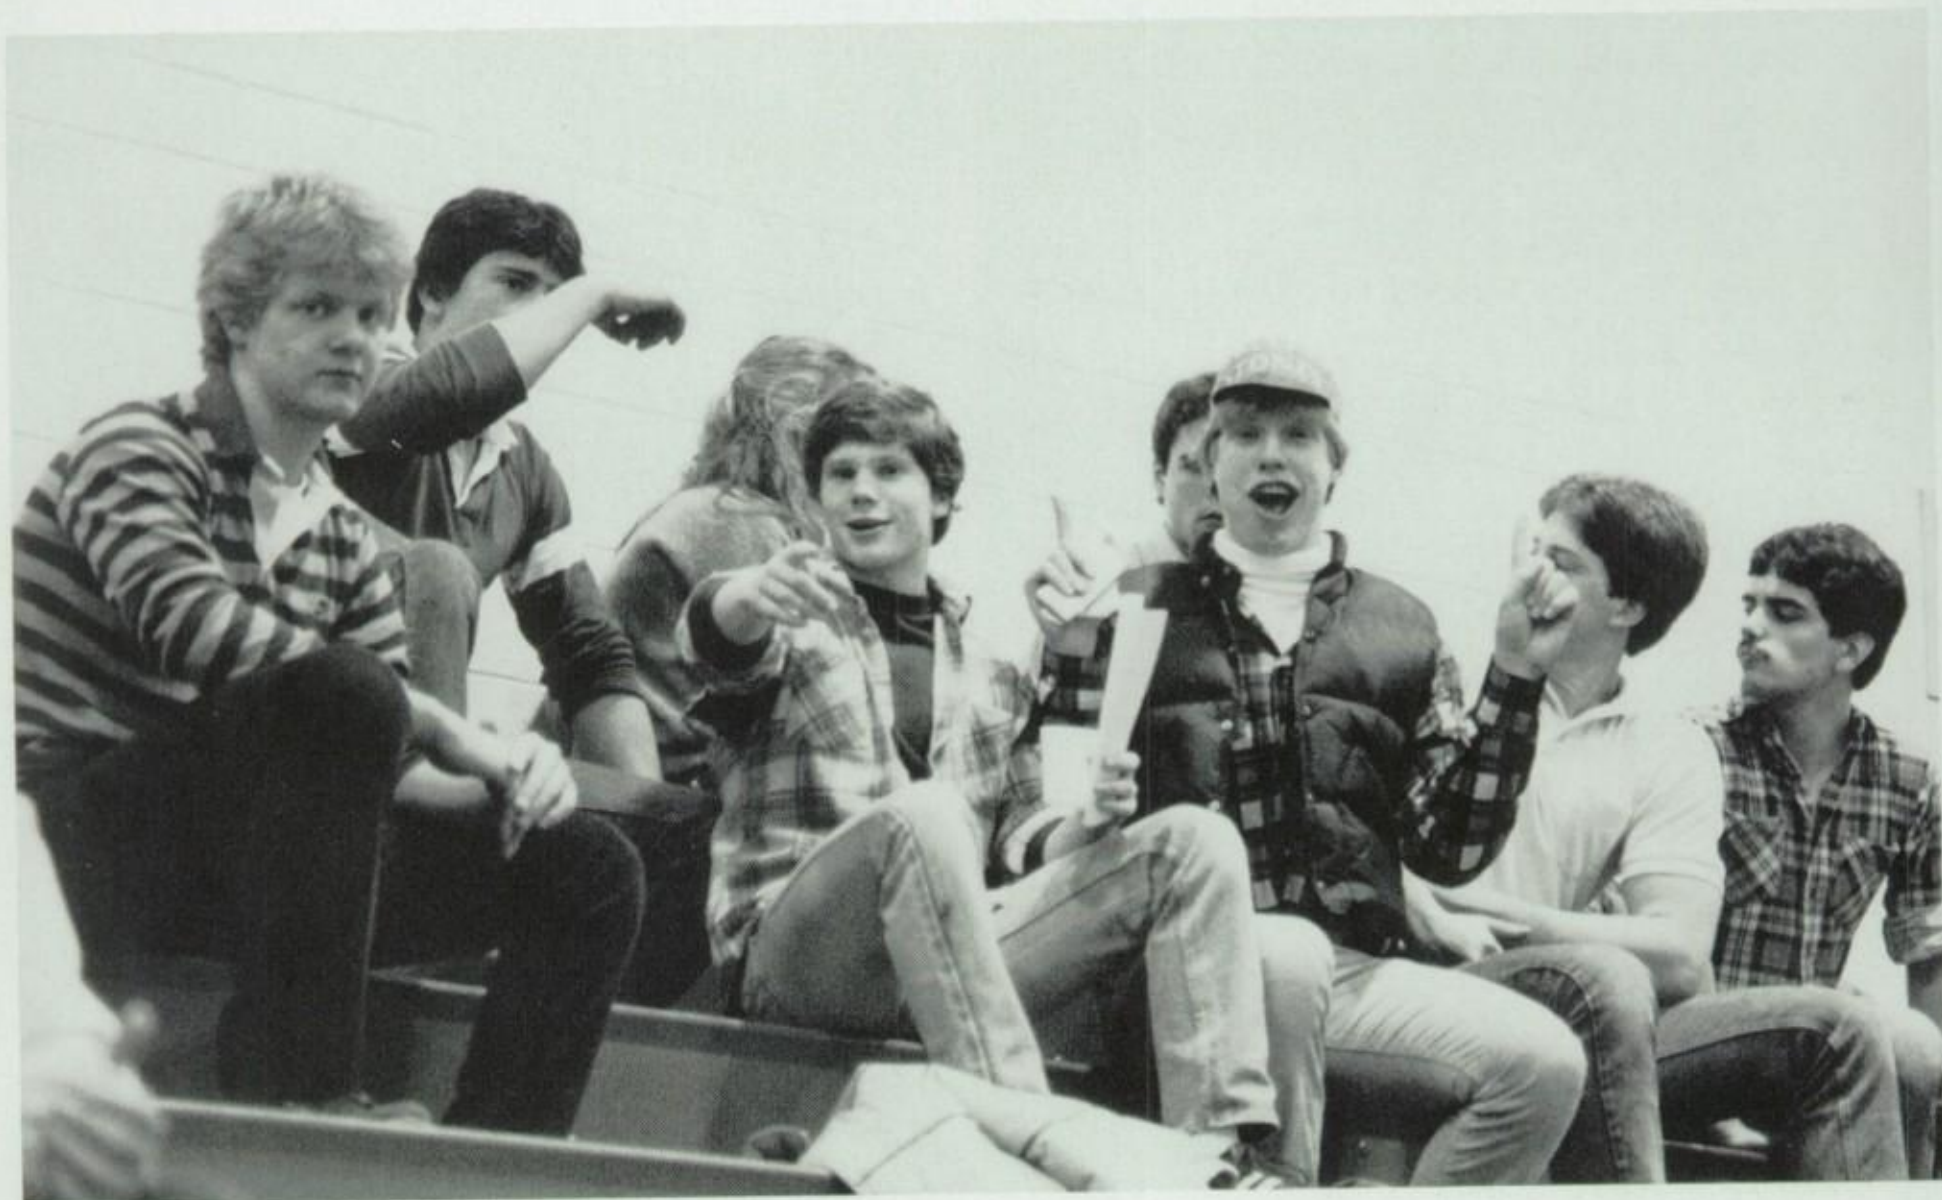

This year four seniors were selected to attend **A Presidential Classroom For Young Americans** in Washington, D.C. The Presidential Classroom provides students from all parts of the world the opportunity to learn firsthand about the U.S. government.

The program develops an awareness of the problems faced by modern democratic governments and gives representatives a greater understanding of the American legislative, executive, and judicial processes. It is a program dealing with the political relationships and influences that shape our system of government. The representatives were: Laura DeSimone, Mike Bono, Dawn Benz, and Debbie Fagley.

Again this year, Perkiomen Valley High School is proud to be represented in the **National Merit competition**. Based on their scores in the Preliminary Scholastic Aptitude Test (PSAT), taken during their junior year, Doug Lindsay and Andrea Hildebrandt were named as Commended Students. Mr. Manley is shown congratulating Doug and Andrea.
